MEA ENGINEERING COLLEGE

VISION: To provide top class education to the community by achieving excellence in engineering education and mould world-class engineers with competence, integrity and social commitment.
MISSION:To provide the best faculty ,excellent infrastructure, commendable facilities for excellent academic ambiance to encourage research and development and to strengthen employability and campus placements.

About Us

MEA Engineering College is a self-financing engineering college located at Vengoor, near Perinthalmanna, in Malappuram district, Kerala. The college is committed to providing excellent and value-based education with a flair for ethics and professionalism. It is affiliated to APJ Abdul Kalam Technological University, Kerala and approved by the All India Council for Technical Education (AICTE). The college provides students with opportunities for academic learning, practical training, research and professional development in engineering and computer applications.

Courses Offered

MEA Engineering College offers undergraduate and postgraduate programmes in engineering and computer applications. The major undergraduate programmes include B.Tech. in Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Information Technology, Mechanical Engineering, Artificial Intelligence and Data Science, Electrical and Computer Engineering, and Artificial Intelligence and Machine Learning. The college also offers Bachelor of Computer Applications (BCA) and Master of Computer Applications (MCA).

Course Details

Undergraduate Courses		
Course	**Department**	**Intake**
B.Tech	Civil Engineering	30
	Computer Science and Engineering	120
	Electrical and Electronics Engineering	30
	Information Technology	30
	Mechanical Engineering	30
	Artificial Intelligence and Data Science	60
	Electrical and Computer Engineering	30
	Artificial Intelligence and Machine Learning	30
BCA	Computer Applications	60

Postgraduate Courses		
Course	**Department**	**Intake**
M.Tech	Computer Science and Engineering	24
	Power Electronics and Drives	12
MCA	Master of Computer Applications	30

FESTIVALS OF INDIA

India is a land of diverse cultures and traditions.Various festivals are celebrated throughout the country with great joy and enthusiasm.

1. Onam

Onam is a popular harvest festival celebrated mainly in Kerala.It is celebrated with great enthusiasm and includes traditional activities such as Pookalam, Onasadya, Vallam Kali and cultural programmes. Onam is associated with the legendary King Mahabali.

2. Diwali

Diwali, also known as the Festival of Lights, is one of the most widely celebrated festivals in India. People decorate their homes with lamps, exchange sweets and gifts, wear new clothes and enjoy various celebrations with family and friends.

3. Holi

Holi is known as the Festival of Colours. It is celebrated with colours, music and traditional food. People come together to celebrate the festival by applying colourful powders to one another. Holi represents happiness, friendship and the arrival of spring.

Click on any festival image to view more details.

ONAM FESTIVAL

About Onam

Onam is the vibrant ten-day harvest festival of Kerala that commemorates the annual homecoming of the legendary King Mahabali and marks the Malayalam New Year.Celebrated during the Malayalam month of Chingam, Onam unites people of all backgrounds in a shared expression of cultural pride and secular harmony. Homes come alive with Pookkalam, colorful floral arrangements created at doorsteps to welcome the benevolent king. Families wear new traditional attire, and the atmosphere fills with festive cheer, traditional folk songs, and community celebrations.The heart of the festival culminates on Thiruvonam with the Onam Sadhya, a grand vegetarian feast featuring dozens of traditional dishes served on a fresh banana leaf. Cultural displays like Vallam Kali (snake boat races) and Pulikali (tiger dance) highlight the rich heritage of the region, as noted by Kerala Tourism. Ultimately, Onam represents an enduring legacy of peace, equality, and joy that connects the global Malayali community to its roots.If you'd like, I can adjust this essay to a specific word count or focus it more on the mythology or food traditions.

Main Celebrations

- Pookalam
- Onasadya
- Vallam Kali
- Traditional dances
- Onam games

DIWALI FESTIVAL

About Diwali

Diwali, the "Festival of Lights," is one of India's most significant and widely celebrated festivals, symbolizing the spiritual triumph of light over darkness, good over evil, and knowledge over ignorance. Derived from the Sanskrit word Deepavali, meaning a "row of lighted lamps," this five-day festival unites people across different cultures and religions in a grand celebration of hope and renewal.The festival is deeply rooted in rich mythology. For many, it marks the joyous return of Lord Rama, Sita, and Lakshmana to their kingdom of Ayodhya after 14 years of exile and their victory over the demon king Ravana. To illuminate their path on a dark, new moon night, the citizens of Ayodhya lit thousands of earthen lamps (diyas). Across other traditions, Diwali honors Goddess Lakshmi (the deity of wealth and prosperity), commemorates Lord Krishna's victory over the demon Narakasura, and marks Lord Mahavira's liberation in Jainism and the celebration of Bandi Chhor Divas in Sikhism.Celebrations are marked by vibrant rituals, beginning with cleaning and decorating homes with intricate Rangoli designs and glowing diyas. Families dress in new clothes, exchange sweets and gifts, and gather for the auspicious Lakshmi Puja to pray for prosperity and health. Ultimately, Diwali transcends religious boundaries, spreading a universal message of peace, togetherness, and the enduring power of goodwill.

Main Celebrations

- Lighting lamps
- Decorating homes
- Making Rangoli
- Exchanging sweets and gifts
- Family celebrations

HOLI FESTIVAL

About Holi

The festival is traditionally spread across two days, starting with Holika Dahan on the eve of Holi. On this night, grand community bonfires are lit to re-enact the mythological victory of the young devotee Prahlad over his evil aunt Holika, symbolizing how pure faith conquers destructive malice. The following morning, known as Rangwali Holi or Dhuleti, the atmosphere transforms into a joyous, free-for-all carnival of joy.During the main day of celebrations, streets and neighborhoods across India turn into living canvases. People of all ages and backgrounds gather to smear each other with brightly colored powders (gulal) and splash tinted water using water guns and balloons. Amid the laughter and playful chaos, people dance to rhythmic folk beats and indulge in traditional festive delicacies like sweet Gujiyas and refreshing milk-based Thandai. Beyond its playful nature, Holi carries deep social significance. It acts as a powerful equalizer that dissolves societal barriers of age and status, prompting people to forgive past grievances, repair strained relationships, and embrace the spirit of universal brotherhood.

Main Celebrations

- Playing with colours
- Traditional music
- Dancing
- Preparing traditional food
- Meeting family and friends

ADILA BEEGUM

PERSONAL DETAILS

- Name: Adhila Beegum
- Date of Birth: 08-11-2004
- Gender: Female
- Father's Name: Muhamed Asharaf
- Mother's Name: Zeenath
- Nationality: Indian
- Religion: Islam
- Community/Caste: OBC

EDUCATIONAL DETAILS

- **SSLC**
  - School: GVHSS Makkaraparamba
  - Board: Kerala Board of Public Examinations
- **Higher Secondary (+2)**
  - School: GVHSS Mankada
  - Board: Kerala Board of Higher Secondary Examinations
  - Stream: Commerce
- **Bachelor of Computer Applications (BCA)**
  - College: St. Mary's College, Puthanangadi
  - University: University of Calicut

HOBBIES

- Programming
- Reading
- Designing

- Fruits
- Vegetables
- Trees
- Flowers

Vegetables are the edible parts of herbaceous plants—including roots, stems, leaves, bulbs, and tubers—that are typically prepared and consumed as part of a savory meal. Unlike fruits, which develop from the flowers of plants and contain seeds, vegetables are defined by their vegetative structures and culinary utility. They come in a vast range of vibrant colors and textures, serving as a foundational pillar of human nutrition. Incorporating them daily provides a powerhouse of health benefits, as they are exceptionally rich in dietary fiber, essential minerals, vitamins (like A, C, and K), and antioxidants that protect cellular health, aid digestion, and reduce the risk of chronic illnesses.

About Us

MEA Engineering College is the first NAAC accredited self-financing engineering college in Malappuram district which is committed to provide excellent and value-based education with a flair for ethics and professionalism. The College is located amidst panoramic natural beauty over-looking the hills and valleys at Nellikunnu, near Perinthalmanna – a city of various educational institutions- on the Perinthalmanna- Melattur road. The College is easily accessible by road, rail and air. The College is governed by the Muslim Educational Association (MEA) which is sponsored by the “Samastha Kerala Jammiyyathul Ulama”, a society instituted by top class intellectuals of the Muslim community. Janab Panakkad Sayed Sadique Ali Shihab Thangal is its charismatic head. The institution is affiliated to the APJ Abdul Kalam Technological University and approved by the AICTE. The college is accredited by NAAC. As per the data released by APJ Abdul Kalam Technological University (KTU) on 15.06.2026, the college has secured the first position in Malappuram district. It also holds the 13th position among all self-financing engineering colleges in Kerala and the 30th position among all listed engineering colleges in Kerala
